How to install IPTV Smarters Pro on FireStick

Even though IPTV Smarters Pro is listed on Google Play Store and Apple App Store for Android and iOS mobiles respectively, Amazon Store does not host it. Therefore, if you want it on your FireStick, you will need to sideload it. We will download IPTV Smarters APK using the Downloader app.

1. We will first install the **Downloader** app

This app will help you sideload IPTV Smarter on FireStick (because browser downloads are not allowed)

2. Click the Find > Search option on the home screen of FireStick

3. Type the name of the app (which is *Downloader*)

Click the Downloader option when it is displayed in the search results

Choose the *Downloader* icon on the following screen and download and install the app

4. Get back to the home screen of FireStick after installing the Downloader app

In the menu bar, click **Settings**

	Reset to Factory Defaults	

7. Click Install from unknown apps

8. Click Downloader to change the status to ON

	INSTALL UNKNOWN APPS	
	OFF Downloader	Allow Downloader to install
•	hulu OFF	from Appstore. Turn this option ON only if you install apps from reliable sources as a developer.
My Fire TV	Silk Browser	

With this, you have configured the FireStick settings to allow the installation of IPTV Smarters and other third-party apps. Follow the steps below:

9. You may now open the **Downloader** app

When you run this app for the first time, a set of prompts will appear. Dismiss them until you see the following screen

On this screen, you need to click the URL textbox on the right side (make sure *Home* option in the left menu is selected) where it says *'http://'*

How to access IPTV Smarters on FireStick

This section is for the users who want to know how to access IPTV Smarters or other installed apps on FireStick.

On the home screen of FireStick, you will find the **Your Apps & Channels** section in the second row from where you can access up to 20 installed apps. If you have more than 20 apps, here are some ways to access all of them:

Go to Settings >> Applications >> Manage Installed Applications >> IPTV Smarters (or any other installed app) >> Launch application OR

– On your FireStick remote, press and hold the **Home** key for at least 5 seconds. On the popup window, click **Apps**

OR

– On the FireStick home screen, click the **3-Dot** button in the middle on the right

When this list of apps is displayed, scroll down and click **IPTV Smarters**

If you think you will access IPTV Smarters frequently, move it to the home screen. Press the *Menu* button on the remote (3-line button). Click *Move* on the screen in the popup menu on the bottom-right
